

YOUSEF AMR FOUAD

JUNIOR FULL-STACK DEVELOPER

01027762833 | ya839327@gmail.com | Hadayek El-Qobba, Cairo, Egypt

GitHub: github.com/xXyousefXx6768

PROFESSIONAL SUMMARY

Junior Full-Stack Developer and 2026 graduate of Ain Shams University, Faculty of Al-Alsun, Italian Department. Strong hands-on foundation in modern frontend development with React.js and Next.js, supported by backend experience with PHP and Laravel, database technologies, API integration, and Firebase. Experienced in responsive interfaces, reusable components, dynamic applications, authentication, state management, debugging, AI-assisted development, and modern development workflows.

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Bootstrap, Responsive Web Design, Component-Based Development

Backend Development: PHP, Laravel, RESTful APIs, API Integration, Axios, Fetch API, Authentication, CRUD Applications

State & Data: Redux, Redux Thunk, Firebase, Firestore, Firebase Storage, MySQL, Supabase

Modern Web & UI: GSAP, ScrollTrigger, Lenis, Vite, UI Animation, Interactive Interfaces, Responsive Layouts

Tools & Workflow: Git, GitHub, VS Code, npm, Browser DevTools, Debugging, Environment Variables, AI-Assisted Development, Vibe Coding, Prompt Engineering

PROFESSIONAL EXPERIENCE

Frontend Developer Intern - Web Masters | Feb 2024 - Apr 2024

- Worked on real-world frontend development projects and responsive web applications.
- Built user-friendly interfaces using React.js, Bootstrap, and Tailwind CSS.
- Collaborated with developers to implement requirements and improve UI quality.
- Strengthened debugging, troubleshooting, problem-solving, and deadline-management skills.

Web Development Intern - ABDELGHAFOR'S Virtual Internships | Oct 2024

- Completed a 12-hour Web Development Program focused on training, real-world tasks, and practical web development skills.
- Applied web development concepts through hands-on tasks and strengthened practical problem-solving skills.

SELECTED PROJECTS

Personal Developer Portfolio - Next.js

Technologies: Next.js, React, Tailwind CSS, GSAP, ScrollTrigger, Supabase, Firebase, Vite

- Built a multilingual developer portfolio with dynamic project presentation and responsive layouts.
- Implemented an admin workflow for project records, descriptions, technologies, GitHub links, previews, and project images.
- Integrated database-driven project retrieval and interactive project cards with animated reveal and modal transitions.

Digital Agency Company Website (Square Up)

Technologies: React.js, Vite, Tailwind CSS, JavaScript (ES6+), React Router

- Built a professional, responsive digital agency website with Home, Services, About, and Contact pages.
- Implemented reusable UI components, clean UI/UX, responsive layouts, and client-side navigation using React Router.
- Used a scalable Vite and Tailwind CSS structure designed for future blog, testimonials, and case-study features.

Quick Chat - Chat Application

Technologies: React.js, Vite, Tailwind CSS

- Developed a modern responsive chat application with clean UI architecture and component-based React development.
- Designed a scalable foundation for real-time messaging features such as WebSocket or Socket.IO integration.

Taskfyer - Task Management Application

Technologies: React.js, Laravel, PHP, REST API, Redux, Redux Thunk, Sanctum, MySQL

- Developed a full-stack task management application using a React frontend and Laravel API backend.
- Implemented API-driven CRUD functionality, state management, authentication, and database-backed task workflows.
- Added login security considerations and cookie-based authentication/session handling to improve account protection.

EDUCATION

Bachelor's Degree in Italian Language - Faculty of Al-Alsun, Ain Shams University - Graduated 2026

LANGUAGES

Arabic - Native | Italian - Advanced | English - Good | German - Intermediate

CORE PROFESSIONAL SKILLS

Problem Solving | Debugging | Analytical Thinking | Communication | Teamwork | Collaboration | Time Management | Adaptability | Fast Learning | Attention to Detail | Technical Troubleshooting
